# The Statesboro News.

STATESBORO, GA., FRIDAY, AUGUST 7, 1903.

VOL. 3, NO. 22.

## COMMUNICATED.

Mr. Editor: Since writing my last article on that proposed constitutional amendment, I have been ruminating some more on that question as Bill Arp says. First let all the people in the counties affected by that measure figure up the cost. In the first place it would take about \$800,000 for each new county to build a court house and jail which would make \$800,000, then would come the pay of county officers, jail expenses, court expenses, which would carry the expense up to nearly \$10,000 the first year. Then out of the 13 counties there would be two more judicial circuits with a salary for the judges of \$4,000 a year for two solicitors (if the new bill is adopted) for \$4,000 more. Of course the state would pay that, but these new counties would have to pay their part. Then there would be 13 more representatives at \$2,000 and at least 4 more senators at \$800, per year. It shows very plainly that to satisfy a board of office seekers and politicians the working people would have to pay very dearly, so these would be masters have a fat place for themselves and when they once get in they are like a bulldog never to turn loose. Now may be Mr. Editor the advocates of this amendment may claim that we would hold the present political power we have, but I differ with them. With our present number of six for these three large counties that are to be carved up into smaller ones they would lose at least two members of the lower house and the counties in Middle Georgia. Those that have lost one member since the last census would gain one again, because population in their county is stationary. You must recollect that according to the last appointment 26 of the next largest counties are entitled to two members in the house. "Self preservation is the law of nature, and I think if the people of Bulloch and other large counties in the wiregrass section study their interest they will kill that amendment so dead that there never will be another man (no matter how bad he wants office) to advocate amendment to the constitution for more counties to be carved out for political office seekers and hush houses to feather their own nests at the expense and labor of the farmers and common laboring people.

## School Closing.

On Friday last the school of Prof. Ben Olliff, near Middle-ground church closed, after a successful term. There was a crowd of about 200 people out to witness the closing exercises.

Most of the forenoon was taken up with dialogues and recitations by the school, after which county School Commissioner W. H. Cone delivered a very interesting speech on the importance of giving the boys as well as the girls a good education in order to fit them for the battles of life. At the conclusion of Prof. Cone's speech a sumptuous dinner was spread. Lemonade and ice water was also dispensed free of charge.

In the afternoon Col. Alf Harrington delivered an able address, interspersed by some of his witty stories. His address was well received. Col. F. T. Lanier also delivered a short speech during the afternoon.

## Obituary.

SMITH. Mrs. Anna Smith, nee Jernigan, was born in 1849 in Washington county. Lived there until nearly nine years of age when she moved to Bulloch county, where she fell asleep in Jesus July 24th 1903.

She was happily married to Mr. J. P. Smith, of Washington county in 1872. To their union seven children were born, five of whom preceded their mother to her reward.

In 1880 she joined the Baptist church at Ochopee, baptized by Rev. B. H. Ivy, she remained a member there until her death, though she was not able to go to church much for the last few years of her stay here.

Though afflicted with that dread disease Asthma, she did not murmur but said she hoped she would soon be well. Ah! it is well with her now. She is out of this world of sin and pain and with loved ones gone before.

Oh! Father, help these left, Whose hearts are sorely bereft, To continue the toll begun, And when they reach death's dark side Let heavenly portals open wide, And give them welcome home.

Physicians, kind friends and relatives did all they could to relieve her but God called her home.

It was sad to stand by her bed and see her suffer the agony of death and could do nothing to relieve.

She leaves a husband, three children, one brother and a host of relatives and friends to mourn her loss.

So, she has left her loved ones on earth to go to that beautiful home above. How sad we feel when we think we can never see her dear, sweet face again. Let us prepare to meet her in that beautiful home on high, where there will be no weeping and no good by.

We shall sleep but not forever In the cold and silent grave, Blessed be the Lord that taketh, Blessed be the Lord that gave. In that bright, eternal city, Death can never, never come, In his own good time he'll call us, From our rest to home, sweet home. Written by her niece.

## A Word to Our Friends.

We have started a man out with a prospectus of our "Harvest Edition" which will appear about October the 1st. We will print something along the line of the one we put out last year. You all remember it. The edition will be a pamphlet of about 50 pages well bound and illustrated, showing the county and to the best advantage possible for us to do.

The resources of this great county will be thoroughly set forth in this edition. We will endeavor to show the hardworking farmer of less favored sections than ours, that this is the garden spot of the world, and the place for them to locate in. We expect to circulate thousands of these copies as we did before through the mails.

Now in addition to this we hope to have first class exhibit at the State Fair. We will be there in charge of it for 10 days showing it to those who call, and our space is located where all must pass it. We will take pains to show them that we have the best county in the state and it is also our intention to have several thousand of these descriptive pamphlets showing up the county on paper to hand out to those who are interested enough to take one home with them.

Now these editions cost money, they will cost something like 10c a piece, and our representative will ask those who feel like helping out this enterprise to subscribe as many of these copies as they will. They will be a big advertisement for the county and you will be simply helping your own interests by helping this enterprise. All can do a little on this line, and when added together it amounts to a good deal.

Remember we have not asked you to contribute a dollar to aid the exhibit. We have assumed this expense ourselves, and we are sure the progressive people of the county will not act as if in the way of helping to circulate this matter. This is no fake but a genuine business proposition. You know what we did last year in the way of a special. We are going to do our best this year, and we hope you will help us. The business men will be asked to take some of the advertising space as well as those who have farm lands for sale. This will put you in touch with the men who will be induced here to hunt homes.

Look out for either J. R. Miller, Joseph N. Waters or Leon Donaldson, either one of them are liable to run up against you. Do the best you can for them is all we ask.

Catarth of the Stomach.

When the stomach is overloaded; when food is taken into it that it cannot digest, it decays and inflames the mucous membrane, exposing the nerves, causes the glands to secrete mucus, instead of the natural juice of digestion. This is called catarrh of the stomach. For years I suffered with catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhes, Coppell, Tex. Sold by W. H. Ellis.

The school at Bradwell closed Friday. Hon. Lee Moore and W. H. Cone were the orators of the day. The twelve tribes of Israel, including the two lost tribes, were there. The two tribes that never returned from the Babylonian captivity and have been lost ever since until that day. All the live people and all the lost people were out at old Bradwell. The table groaned beneath its mountains of salads and oceans of pies. The exercises were carried out skillfully and with taste and accuracy.

Fit?

There's the point! There's the rub! There is one shoe for women that has built itself up to the top notch of popularity on fit. That shoe is the "QUEEN QUALITY."

If you want to see your foot look a full size smaller—if you want to spare yourself of your daily fatigue—if you want to own shoes which will be constant delight and last longer because they fit accurately, buy a single pair of "Queen Quality." A million women say this, comment unnecessary.

## STATESBORO VICTORIOUS.

Defeats Swainsboro in a Score Of 10 to 3 At Swainsboro Yesterday Afternoon.

In a hotly contested game of ball between the Statesboro and Swainsboro ball teams played on the Swainsboro diamond yesterday afternoon, the game was decided in favor of Statesboro in a score of 10 to 3. Swainsboro failed to make a single score up to the 7th inning. It seems that Statesboro led in the start and held her lead all the way through.

The Statesboro team left on yesterday morning on the 8:16 train via Midville. They were accompanied by about a half dozen friends who went along to whoop them up. Several others left on the 12 o'clock accommodation via Stillmore Air Line which ran a special train up to Swainsboro yesterday afternoon which arrived in time for the people to see the game.

It was well loaded from Stillmore with about 200 that didn't fail to whoop for Statesboro. The train returned to Stillmore after the conclusion of the game and a grand ball was given in the College Auditorium at Stillmore in honor of the Statesboro nine. The boys arrived home on the 8:16 train this morning and were met by the band and a large crowd of admiring friends who joined them in singing "There's no place like home."

This is the third game Statesboro and Swainsboro has played result two for Statesboro and one for Swainsboro. While Swainsboro has been defeated by Statesboro in two games, yet she has one thing to her credit, in that she is the only team which has made the Statesboro colors trail in the dust this season, but this was on a score of 3 to 2 on the Swainsboro diamond. Statesboro has played 9 games this season and only been defeated one time.

Our truck farm is progressing nicely, we have turnips 8 inches high now we also have squashes, lettuce, beans, tomatoes, English peas, cucumbers, beets, in fact everything raised in a garden which will be fresh and green for the Fair.

# THE STATESBORO NEWS.

(INCORPORATED.)

Entered at the post office at Statesboro as 2nd class mail matter

Statesboro, Ga., Friday, Aug. 7, 1903

Published Tuesdays and Fridays by THE STATESBORO NEWS PUBLISHING COMPANY.

People who look around are in the way of those who work.

Cotton and money will soon be on hand, and all will feel better.

Work is the key note of success, but people are afraid of the work.

The man in his overalls, and with the sweat and grime of honest labor, has the respect of all good people.

Let the unframed citizen do as he pleases, regardless of influence.

Most men do well to keep their own heads above water—the other swimmers can use their own goods.

The Atlanta News has just celebrated its first birthday, and a big edition told the story of its progress. John Temple Graves is a first-class editor, and The News shines with his brilliancy.

Remember the free school election on next Tuesday.

Now we have a new pope, and the papers can probably find something else to fill the columns.

Of course no one knew of the lobbying in the Legislature. It got to be such a chronic disease that the legislature took it for granted. If the committee would go down into the pockets of some of the members and take out the free passos and franks, they would discover the hand of the lobbyist is shy with his tongue, but pry with his favors.

The negroes are leaving the North by the car-load. This sounds strange in this day of yankee hypocrisy.

Now let the band play—No doubt there will be plenty of refreshments.

The sovereign citizen who carries his manhood under his own hat, now has the chance to say what he wants.

We trust there will be no heeling in this campaign. Let every man tote his own skillet and do his own voting.

Overstreet may not get the lobbyists in a corner but the old rats no doubt are a little frightened.

Free schools and free liquor—what a grand campaign of education, the people have on hand.

If men were half as anxious to help the world, as they are to corrupt it, what a grand thing it would be.

Let everybody face the music and hear the band play—Don't run.

The free, independent, and unpurchasable white men of Bulloch county, know whether they want liquor or not, and now is the time for them to say.

Don't you want to give the children of your poor neighbors a chance to get a little education? If so you will have the chance to say so, on next Tuesday.

Nearly every white man is registered and knows what he wants—and he is going to back his own judgment and rely on his own conscience.

SPECIAL.

Is there an orange or lemon tree in bearing in the county? If so we would like to communicate with the owner. We also want to know who is raising bananas, English walnuts, pecans etc. We want them for an exhibit. Let us hear from you.

J. R. Miller.

## The Free School Election.

On next Tuesday the people of Statesboro will be called on to vote on the adoption of a free school system for the city. The proposition is that the town shall assume the burden of the hire of the teachers and pay them and that a 9 months free school shall be maintained. The city council have figured it out that it will take about 15 cents on the hundred dollars in the way of taxes to keep the school going this they say can be spared out of the present rate of taxation.

One advantage which will accrue to the city will be they will be put in possession of the funds direct and will receive from the state about \$2000.00 for sum where as now they only get about \$800.00. This money will be a big help to the school interest of the town. It will enable the poorest family in town to school their children. In other words the poorest man in town is placed on a level with the wealthiest citizen. There will only be a small fee charged in the way of incidentals etc. This we are informed will be very small. This free school will only apply to those who live in the corporate limits, people living outside of the town will pay full rate of tuition. From present indications it looks like the vote in favor of the free school system will be almost unanimous.

This is a progressive step and we hope that the voters will turn out on Tuesday and give the measure a big vote. There is nothing that adds more to a town than a good school system, and where the city takes full control of her own school system we see no reason why it should not be a success. We have invested \$12000.00 in a good school system.

School children who use Alligator Antiseptic Soap for the head, and Hall's Cinchona Hair Tonic; keep their heads clean and insure its growth. W. H. El's cells it.

Augusta brick and best lime always on hand. A. J. Franklin.

The children of the poor are always benefitted by the charity of the rich. Give them a chance.

Notice.

Mr. T. A. Wilson has moved his Shoe Shop back of the Post Office where he will be glad to have his friends call on him.

Softly and tenderly Jesus is calling, Calling for you and for me; See on the portal He's watching and waiting, Waiting for you and for me, Your place is vacant and can

never be filled, but your memory will endure as long as life lasts. Your christian work and bright cheerful face will live forever in our hearts. May all be faithful unto death and enter into that rest promised the people of God.

"Asleep in Jesus" far from thee Thy kindred and their graves may be, But sleep on gentle grandma dear, The storm is o'er, thy spirit free.

No trouble now to break thy sleep, With never a cloud on the sky; But sleep on till some golden blast, Shall call thee to that golden shore.

And so it was a bright sunset, With never a cloud on the sky; So it shall be a bright sun rise, Glorious through eternity.

So face thee well, thou angel one, We'll not desert thee slumber light; For some sweet day we'll meet again, Somewhere, some where, sweet dream good night.

We deeply feel the loss of dear grandma, as she lived with us all through her widowhood, and we often times heard her say that she wanted to meet her God in peace, and we believe she did. In the last few years of her life she was so feeble that she could not go to church but she liked to see others go.

She was a devoted wife and loving mother a true sister and high-est of all a consecrated christian, ever living up to her profession. She leaves behind eight children, one brother and a host of grand children and friends to mourn her loss. "To know her was to love her." For three months she was a great sufferer from rheumatism. Physicians, kind friends and relatives did all in their power to relieve her but when the summons comes no one can resist it. She suffered so intensely all the time that she said she would be glad when the end came, and that Jesus had been with her through her illness and she saw a bright angel before her. She would often tell us not to grieve after her for she would be at rest. Our home is sad without her, though we ought not to grieve for she is at rest with Jesus.

Rest in peace dear grandma, On that bright eternal shore, Where there is no sickness pain or death No tears to ever flow.

Written by her grand daughters Alice and Sallie Sandersville Progress peace copy.

The Death Penalty. A little thing sometimes results in death. This is mere scratch, insignificant or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatalities, when Burns, Sores, Ulcers and Piles threaten. Only 25c. at W. H. Ellis's Drug Store.

Mr. J. A. Brannen, a very popular and prominent attorney of Statesboro was "in our midst" Tuesday. While in town he was a pleasant caller at the Enterprise sanctum and is our wish that he may repeat the visit often. It is to Mr. Brannen and a few others of such an enterprising spirit, that Statesboro and Bulloch county owe their phenomenal success and prosperity to. We note from a number of exchanges that Mr. Brannen is a likely candidate for the coming congressional race (although he never intimated such) and we take the liberty of saying right here that if all our public offices were filled by gentlemen like Mr. Brannen, the future of the county would be doubly assured.—Mrs. J. O. Strickland returned Monday from a visit to Statesboro. Dr. had grown very tired of being a widower and went over and brought back Mrs. S. —Bryan Enterprise.

Brannen-Akins. On Sunday evening last Mr. Newt Akins, Jr. and Miss Sallie Brannen were united in matrimony by Judge R. F. Stringer. Mr. Akins is a son of the late Robt. Akins and his bride a daughter of Mr. Morgan Brannen, of Fly. Their many friends wish them a long and happy voyage over life's sea. Best Crackers in town. Gould & Waters.
